

Taurus Game Deck

Handheld Video Slot Console

A **slot machine** (American), **fruit machine** (British), or **poker machine** (Australian) is a casino gambling machine with three or more reels which spin when a button is pushed.

Video slots are a modern innovation, with no moving parts at all - instead a graphical representation of one appears on screen. Since the player is essentially playing a computer game, the manufacturers are able to offer more interactive elements, such as advanced bonus games and advanced video graphics.

Taurus Game Deck™

Introducing portable pleasure for game aficionados, **Taurus Game Deck™** revolutionizes slot machine and casino skill-type game play by putting the game experience right in the palm of your hands!

Taurus Game Deck's unique, slim design lets you play anywhere, anytime. Spin against the house in between horse races or while watching televised football matches in the casino's lounge, or gear up your best poker face and compete against other players in a hand of Texas Hold'em. Earn credits as you win. And, if you feel especially lucky, why not take a chance at double or nothing using the Scratch & Win bonus game!

Up to 7 touch-screen interfaces let you SPIN and HOLD, DRAW and SCRATCH. **Force Feedback** technology drives the hands on experience still further shaking and vibrating the **Taurus Game Deck™** as reels spin, stop and start, raising the fun with bursts of animation, video playback and stereo sound! There's even a built in **Accelerometer**, that lets you simply "SHAKE'N'ROLL" the deck to toss the dice in a game of craps.

Slot machine manufacturers and game vendors will not want to miss out on this unique device that unites the on-line gaming experience with the casino floor and retail outlets like betting shops, cafes and pubs.

Taurus Game Deck™

The base model, **Taurus T7**, has 7 built-in processors, one for each touch-screen, allowing complete standalone game play. Additional models (**T6**, **T5**, **T4** and **T3**) scale down the number of touch screens and processors, with a special version, **Taurus HT4** having four 2.5" touch screen monitors packaged in a "sleeve" design that can be strapped to the hand or forearm.

All models can fit into slot machine consoles, decking to large screen monitors, and if you need to leave the console, just take the deck along with you. As for deck security, with built in GPS and RFID tags, the machine can be tracked wherever it goes and blocked as soon as it leaves the floor.

For issuing credits and collecting payouts, the machine can be docked to any **Taurus Game Deck PayStation™** accepting and dispensing bills, coins and vouchers. Taurus Game Deck can also be credited and paid out through cashiers and standard PCs. Centralized **Taurus Game Deck Device Management** applications allow device setup and control; game management; account handling (credits and payouts) & reporting; and customization of animation, video and sound content.

Taurus Game Deck™ Features

Taurus Game Deck™ responds to the touch of your finger. Players interact with the game deck by spinning, holding, discarding and rubbing the 7 Touch screen interfaces supported by 7 independent processors. The deck vibrates as reels spin, adding animated thrills, video playback and stereo sound to raise the level of fun.

SPIN Finger-slide a screen to spin a reel making the deck vibrate faster with each spinning reel!

FORCE FEEDBACK Taurus Game Deck responds to your every move with multi-speed vibration, pulsing lights and sound.

DRAW Tab cards to discard and improve your hand with a lucky dealer's draw!

HOLD Finger-pop the screen to hold a card or break the spin when you feel the time is right!

STAKE Tap to bet, raise and call, adding chips from your pot of winning credits!

WIN Buy initial credits and as your luck increases so does the final payout!

SCRATCH Rub the bonus game Scratch & Win screens to double your winnings!

SHAKE'N'ROLL Built in Accelerometer lets you rattle the deck and toss the dice down the board!

AMBIENT LIGHTING Move anywhere and the Taurus Game Deck lights up or darkens according to the world around you!

Taurus Game Deck™ Games

Taurus Game Deck™ comes with five built in game types: Slot Machine, Poker, Shake'N'Roll, Numbers, and the bonus Scratch & Win. Each game is customizable allowing various game skins and game card design, letting you create dynamic graphical displays that keep game players coming back for more!

SLOT MACHINE Up to seven slots for independent spinning reels. Slide your finger across a reel to set it spinning. Tap a spinning reel when you feel the time is right. Win credits when the images match or certain combinations are formed!

POKER As easy as take your draw and place your stakes! Tap cards to discard and hold, raise and call tapping poker chip values from your pool of credits. If you win big, dock to the nearest Taurus Game Deck Paystation to cash in!

CRAP SHOOT Rattle the deck and toss the dice across 7 touch screens using Taurus Game Deck's built in Accelerometer in a game of SHAKE'N'ROLL!

NUMBERS Choose combinations out of 6 numbers and see if your number's called. Set your stakes and choose your bet: double, treble, 4, 5 and 6-folds, or make system bets. Get the right order and win more!

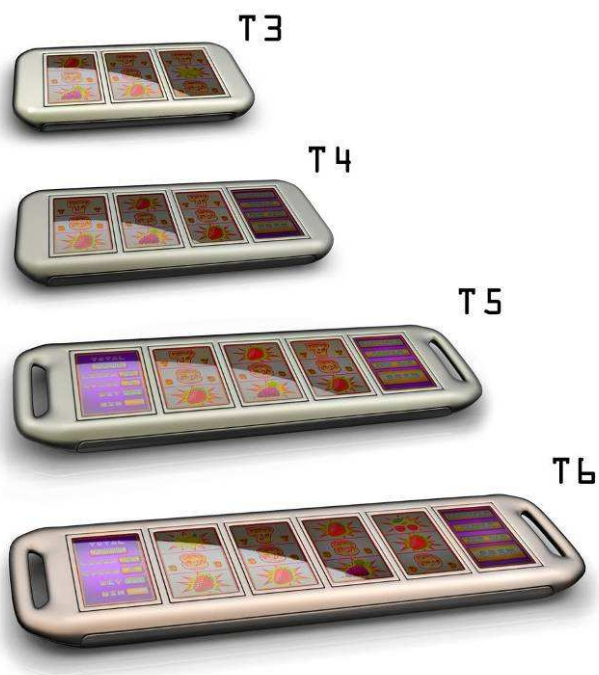

SCRATCH & WIN Cash in credits or play the bonus Scratch & Win game to double your earnings. Rub the card with your finger to reveal the prize underneath!
